## **EMPLOYMENT HISTORY**

Riverdale Global - Aston, PA **05/16 - Present**  
**Software Developer**

- Promoted customer interaction working on Riverdale Global's *Global Tracker* system which allows customers to place orders, create color matches and view machine data.
- Improved efficiency by creating a Chrome app and extension allowing scale data to be used on a webpage using Javascript, HTML and CSS3.
- Increased marketing exposure and improved SEO by working with UK designers to update [riverdaleglobal.com](http://riverdaleglobal.com) to a new modern look using Bootstrap 3, HTML5, CSS3, PHP, Javascript, JQuery, Media Queries and Responsive Design layouts.
- Increased marketing exposure by creating a new [meetglobalbot.com](http://meetglobalbot.com) website to generate new sales leads using Bootstrap 4, HTML5, CSS3, PHP, Javascript, JQuery, Media Queries and Responsive Design layouts.
- Recorded and edited videos in Adobe Premier for use in training and marketing.

Independent Contractor  
**Ride-sharing TNC**

**11/15 - 06/16**

Odessa Technologies - Philadelphia, PA  
**Client Services Analyst**

**08/14 - 02/15**

- Provided post-implementation support working cooperatively with developers to resolve defects and answer questions raised by clients.
- Improved client satisfaction by acting as a customer service liaison between clients and developers while managing defects, changes and releases.

Hibu(Yellowbook) / Yell Adworks - King of Prussia, PA  
**Application Engineer**

**07/05 - 04/14**

- Supported proprietary in-house software as well as over a dozen other applications for 400+ users locally and offshore while maintaining 98% uptime for systems.
- Improved standardization of troubleshooting by conducting Knowledge Transfer sessions in Lync with offshore team members in India.
- Improved efficiency by initiating and coauthoring a SharePoint documentation Wiki for the streamlining of repetitive tasks with centralized access to troubleshooting details.
- Actively participated in the training of new local employees as needed.
